The Department of Periodontics and Oral Medicine/
Division of Oral Medicine, Pathology and
Radiology at the University of Michigan School of Dentistry
invites qualified applicants and nominations for a clinical-track position at the clinical assistant/clinical associate/clinical professor level in Oral Medicine/Hospital Dentistry/Oral and Maxillofacial Pathology.

We seek an individual with strong commitment to predoctoral and graduate clinical education, scholarship and service. Candidates should have a D.D.S. or equivalent degree and the ability to be licensed in the State of Michigan. A State of Michigan limited academic dental license may be available for qualified candidates. Advanced training in Oral Medicine/Hospital Dentistry or Oral Pathology is desired. Board certification or eligibility in Oral Medicine or Oral and Maxillofacial Pathology is preferred. The Department seeks individuals with demonstrated excellence in both clinical and didactic teaching, a commitment to dental education and service, and evidence of scholarly activity.

Responsibilities will include didactic and clinical instruction of dental students, dental hygiene students and graduate students/residents, scholarly activity and service. The department has an active mentorship program and will provide opportunities for clinical practice and the development of independent and/or collaborative research programs. Salary and level of academic appointment will be commensurate with qualifications and experience.

Applicants should submit curriculum vitae, statement of interests and goals, and names of three references via the secure website: http://facultyrecruiting.dent.umich.edu after October 10, 2013.

Questions for the search committee should be directed to Jean Klark, jklark@umich.edu

Applications will be accepted and evaluated on an on-going basis until the position is filled.

The University of Michigan is an EEO/AA employer.
